

12 Month Questionnaire

11 months 0 days
through 12 months 30 days

On the following pages are questions about activities babies may do. Your baby may have already done some of the activities described here, and there may be some your baby has not begun doing yet. For each item, please fill in the circle that indicates whether your baby is doing the activity regularly, sometimes, or not yet.

Important Points to Remember:

- ☒ Try each activity with your baby before marking a response.
- ☒ Make completing this questionnaire a game that is fun for you and your baby.
- ☒ Make sure your baby is rested and fed.
- ☒ Please return this questionnaire by _____.

Notes:

1. **SCORE AND TRANSFER TOTALS TO CHART BELOW:** See ASQ-3 User's Guide for details, including how to adjust scores if item responses are missing. Score each item (YES = 10, SOMETIMES = 5, NOT YET = 0). Add item scores, and record each area total. In the chart below, transfer the total scores, and fill in the circles corresponding with the total scores.

Area	Cutoff	Total Score	0	5	10	15	20	25	30	35	40	45	50	55	60

3. **ASQ SCORE INTERPRETATION AND RECOMMENDATION FOR FOLLOW-UP:** You must consider total area scores, overall responses, and other considerations, such as opportunities to practice skills, to determine appropriate follow-up.

If the baby's total score is in the area, it is above the cutoff, and the baby's development appears to be on schedule.

If the baby's total score is in the area, it is close to the cutoff. Provide learning activities and monitor.

If the baby's total score is in the area, it is below the cutoff. Further assessment with a professional may be needed.

4. **FOLLOW-UP ACTION TAKEN:** Check all that apply.

- ☐ Provide activities and rescreen in _____ months.
- ☐ Share results with primary health care provider.
- ☐ Refer for (circle all that apply) hearing, vision, and/or behavioral screening.
- ☐ Refer to primary health care provider or other community agency (specify reason): _____.
- ☐ Refer to early intervention/early childhood special education.
- ☐ No further action taken at this time
- ☐ Other (specify): _____

5. **OPTIONAL:** Transfer item responses (Y = YES, S = SOMETIMES, N = NOT YET, X = response missing).

Under the Minnesota Data Practices Act, the information requested on this form must be kept private by any health department staff who receive it. A report of an elevated blood lead level may be reported to a local health department for follow-up. Summaries of blood lead data are reported to the Legislature to describe the extent of lead poisoning in Minnesota. Refusal by a patient or a parent of a patient to provide this information will not affect the eligibility of the patient to receive any benefits.

Minnesota Statutes, section 144.9502, requires medical laboratories to report all blood lead analyses and related information to the Minnesota Department of Health.

Additional Information

MnVFC Patient Eligibility Screening Record for LPH, FQHCs, RHCs, Indian Health Service, and Tribal Clinics

CHILDREN 18 YEARS OF AGE OR YOUNGER

- Screen each patient for MnVFC eligibility at each immunization visit. Use this same record for all subsequent visits if the patient's eligibility status has not changed. If it has changed, start a new form.
- You do not need to verify responses given by the patient, parent, guardian, or legal representative.
- Keep this record (or an equivalent paper or electronic record) for three years. For MnVFC summary reports, you also need a system for easily retrieving data on the number of patients immunized each year in each eligibility category.
- Children that are underinsured are only able to receive MnVFC vaccines at local public health clinics (LPH), Federally Qualified Health Centers (FQHCs), Rural Health Centers (RHCs), Indian Health Service (IHS), and tribal health clinics.

Subsequent visits: Date/initial if response has not changed. If it has changed, start a new form.
