

24 Month Questionnaire

23 months 0 days
through 25 months 15 days

On the following pages are questions about activities children may do. Your child may have already done some of the activities described here, and there may be some your child has not begun doing yet. For each item, please fill in the circle that indicates whether your child is doing the activity regularly, sometimes, or not yet.

Important Points to Remember:

- ☒ Try each activity with your child before marking a response.
- ☒ Make completing this questionnaire a game that is fun for you and your child.
- ☒ Make sure your child is rested and fed.
- ☒ Please return this questionnaire by _____.

Notes:

At this age, many toddlers may not be cooperative when asked to do things. You may need to try the following activities with your child more than one time. If possible, try the activities when your child is cooperative. If your child can do the activity but refuses, mark "yes" for the item.

COMMUNICATION

1. **SCORE AND TRANSFER TOTALS TO CHART BELOW:** See *ASQ-3 User's Guide* for details, including how to adjust scores if item responses are missing. Score each item (YES = 10, SOMETIMES = 5, NOT YET = 0). Add item scores, and record each area total. In the chart below, transfer the total scores, and fill in the circles corresponding with the total scores.

3. **ASQ SCORE INTERPRETATION AND RECOMMENDATION FOR FOLLOW-UP:** You must consider total area scores, overall responses, and other considerations, such as opportunities to practice skills, to determine appropriate follow-up.

If the child's total score is in the  area, it is above the cutoff, and the child's development appears to be on schedule.

If the child's total score is in the  area, it is close to the cutoff. Provide learning activities and monitor.

If the child's total score is in the  area, it is below the cutoff. Further assessment with a professional may be needed.

4. **FOLLOW-UP ACTION TAKEN:** Check all that apply.

- _____ Provide activities and rescreen in _____ months.
_____ Share results with primary health care provider.
_____ Refer for (circle all that apply) hearing, vision, and/or behavioral screening.
_____ Refer to primary health care provider or other community agency (specify reason): _____
_____ Refer to early intervention/early childhood special education.
_____ No further action taken at this time
_____ Other (specify): _____

5. **OPTIONAL:** Transfer item responses (Y = YES, S = SOMETIMES, N = NOT YET, X = response missing).

MnVFC Patient Eligibility Screening Record for LPH, FQHCs, RHCs, Indian Health Service, and Tribal Clinics

CHILDREN 18 YEARS OF AGE OR YOUNGER

- Screen each patient for MnVFC eligibility at each immunization visit. Use this same record for all subsequent visits if the patient's eligibility status has not changed. If it has changed, start a new form.
- You do not need to verify responses given by the patient, parent, guardian, or legal representative.
- Keep this record (or an equivalent paper or electronic record) for three years. For MnVFC summary reports, you also need a system for easily retrieving data on the number of patients immunized each year in each eligibility category.
- Children that are underinsured are only able to receive MnVFC vaccines at local public health clinics (LPH), Federally Qualified Health Centers (FQHCs), Rural Health Centers (RHCs), Indian Health Service (IHS), and tribal health clinics.

Subsequent visits: Date/initial if response has not changed. If it has changed, start a new form.
